

Who can Contribute?

Under federal law, eligible staff can be asked to contribute if they are salaried employees who have policymaking, managerial, professional or supervisory responsibilities. Your contribution is important to us, but we want to emphasize that all contributions are voluntary and have no impact on your status, performance review, compensation or employment. Any amount given, or the decision not to give, will not advantage or disadvantage you.

Contributions to the SDAHO PAC or AHAPAC are not deductible as charitable contributions for federal income tax purposes. State law requires the SDAHO PAC to use best efforts to collect and report the name and mailing address of individuals whose aggregate contributions exceed \$100. Federal law requires that we report the name, mailing address, occupation and name of employer of individuals whose contributions exceed \$200 in a calendar year.

DEEP ROOTS

Strong
Growth

The political voice for
South Dakota's hospitals,
health systems and long-
term care providers.

What is SDAHO PAC?

SDAHO PAC is a nonpartisan and independent political action committee. SDAHO PAC members administer the SDAHO PAC. They determine which candidates receive financial support based on qualifications, electability, responsiveness and recommendations from local health care providers in that candidate's district. Every dollar contributed to SDAHO PAC supports qualified candidates. There are no administrative fees. Copies of our reports are filed with the Secretary of State, State of South Dakota, Pierre, SD 57501.

YOUR CONTRIBUTION TO SDAHO PAC...

- Strengthens the voice of health care in delivering our policy messages to candidates for elected office who truly do impact how health care is delivered in South Dakota and the rest of the country.
- Supports candidates who understand the key issues facing South Dakota health care providers and those who are willing to protect public policies for vital health care services.

Our goal is to help our political leaders understand how the decisions they make impact the health care industry in South Dakota. One hundred percent of your contribution is used to support candidates who understand and support our concerns.
